5.5 STUDENT DIVERSITY (5)

From the earliest batches decades ago, XIME's PGDM intake has always reflected an equitable gender diversity. Intake being entirely merit-based, many batches had more women than men. Absolutely merit based admissions without any quota based on region, cast or creed have always resulted in having students with rich diverse backgrounds.

Last 4 batches (from 2019, our gender diversity and experience diversity is as below)

XIME receives applications from almost all states, and students are admitted based on merit only. Students are from all states as per the below table

State	B 28 (July 2022)	B27 (July 2021)	B26 (July 2020)	B25 (July 2019)	B24 (July 2018)
West Bengal	22	14	22	30	12

B. XIMERA (Intercollegiate National Level Management Fest)

This is a national meeting of management students conducted annually by the students of XIME. Because of its high participation and recognition among B-Schools, many business organizations come forward to provide sponsorships for the event. Details of sponsorship is given under Criterion 7.1.5.

C. Other Events Organised by Students

In order to develop management skills, all students should be actively part of one of the clubs -within campus- of their choice. Clubs play an integral role in the overall student experience at XIME. In line with its motto of “Shaping Future Leaders”, Clubs provide a platform for students to improve and hone their skills in communication, organization, group dynamics, people management, etc. The entire system of Clubs is managed by students starting from planning the year’s activities, organizing resources (including fundraising) and execution. These “out-of-classroom” experiences compliment the “in-classroom” learnings and positively impact the student’s emotional, intellectual and social skills. During the course of these activities, students also develop skills that are specific to their career path and imperative for future job success.

5.6.2 Student Publications

XIME constantly encourages its students to engage in Research on contemporary business topics apart from introducing a subject on Research methodology as a part of core subjects. Students are further mandated to apply their theoretical knowledge to a management problem and research upon it. Credits have also been assigned to this field research. Faculty mentors are assigned to mentor the students constantly and help them to bring their research to a publication standard. Special attention is given to improving the quality and quantity of student publications.

XIME is one of the very few Institutes where its students have demonstrated a committed output in the field of research, In the CAY (90), CAY m1 (24), CAY m2 (11) students have published a total of 125 research articles, the list of which is placed below.

The Process followed for the student research work is as follows

- Dean Research groups all Students in small teams and mentors are allocated for every group
- Specific guidance to both faculty and students regarding the process of writing research articles
- Plagiarism check software made available to support both students and the faculty.
- Regular reviews are done to ensure the quality of publications
- Dean (Research) coordinates the earlier Research effort
